

The 2026 Evansville Parade of Homes is finally here!

Message from Aaron Miller, 2026 SIBA President

This year, I'm honored to welcome you to the 2026 SIBA Parade of Homes! Each year, this event showcases the very best our local building industry has to offer, and this year is no exception. Our builders, suppliers, and trade professionals continue to raise the bar with innovative designs, quality craftsmanship, and homes built to fit every lifestyle.

The Parade of Homes is more than just a tour of beautiful houses, it's a celebration of the hardworking people who help shape our communities across Southwestern Indiana. Whether you are searching for your dream home, planning a renovation, or simply gathering ideas and inspiration, we invite you to experience everything this year's Parade has to offer.

We'll kick things off with Chefs on Parade on Friday, June 5th, our exclusive ticketed preview event pairing select Parade homes with some of the area's favorite local chefs and caterers. It's always a fun evening of great food, beautiful homes, and community support.

The Parade of Homes officially opens to the public Saturday, June 6th, and runs through Sunday, June 14th. Homes will be open Saturdays & Sundays from 1-6 PM and weekdays from 5-8 PM. All homes will be closed on Tuesday, June 9th as we celebrate everyone's

hard work at the Parade of Homes Banquet. We encourage you to take advantage of the Parade website and QR codes throughout the book to easily map your route, view home details, and save your favorite entries using the "MyParade" feature. While touring, don't forget to cast your vote online for the People's Choice Awards!

A sincere thank-you goes out to all of our participating builders, subcontractors, suppliers, sponsors, and the dedicated Parade Committee for the countless hours spent making this event possible. Your support and commitment continue to make the Parade of Homes one of the premier events in our region.

On behalf of the Southwestern Indiana Builders Association, thank you for supporting our local building industry. We hope you enjoy touring the homes, gathering inspiration, and seeing firsthand the talent and craftsmanship that make our community such a great place to live.

We'll see you out there!
